

REMARKS

Claims 9-18 are presented for examination.

By this amendment, the translation of the PCT Application has been amended to correct typographical and grammatical errors therein and to add headings, which changes are included in the attached Substitute Specification, which replaces the original pages 1-15 and substitute page 16 of the translation. A marked-up version showing the amendments is also attached. An Abstract of the Disclosure has been added on the attached unnumbered page. Claims 1-8 on substitute pages 16 and 17 have been cancelled and claims 9-19, which have been drafted to place them in form for examination in the United States Patent Office and to remove multiple-dependency have been added.

Respectfully submitted,

 (Reg. No. 24,149)
